## MTH 225 Grade Tracking Checklist

## Instructions

Check off boxes, starting from the bottom and moving up, as you complete course accomplishments. Each box in the Daily Prep column represents **one point**. Each box in Weekly Challenges represents **one Satisfactory mark**. Each box in the Learning Targets columns represents **fluency on one Learning Target**, which requires two successful demonstrations of skill. Once you have checked all the boxes in a letter grade's row, you have earned that letter grade for the course (subject to plus/minus modifications described in the syllabus).

	Daily Prep points	Weekly Challenges	CORE Learning Targets	Non-CORE Learning Targets
Α	00000	♬		
В	0000			
С	00000			
D			A grade of D requires fluency on <u>any six (6)</u> <u>Learning Targets</u> . Use the boxes in the A,B and C rows to track.
